

Dear Sir/Madam,

Many things caught my attention and made me very motivated to apply for this position. First of all, I am very fluent with English (both written and spoken) and I am taking German language classes. I have worked on multiple projects where I hugely developed my personal and professional skills.

Second, I am very familiar with the mobile development technologies you are looking for (in particular React Native and IoT). Therefore, I believe I will be immediately productive and autonomous with your team.

I am very interested in this opportunity. I have a lot of energy and skills I am willing to put in the favor of your company with pleasure. I hope to hear back from you soon.

Best regards,

Rami Ounifi
